***Filed via Access Key***

12 September 2011

Mr. Robert A. Morin  
Secretary General  
Canadian Radio-television and  
Telecommunications Commission  
Ottawa, Ontario  
K1A 0N2

Mr. Morin:

**Application by Maritime Broadcasting System Limited to establish an FM radio station at Miramichi, New Brunswick.**

1. Attached is an application by Maritime Broadcasting System Limited (MBS) to establish an FM radio station at Miramichi, New Brunswick.
2. This application is filed in response to Broadcasting Notice of Consultation (BNC) CRTC 2011-374 dated 14 June 2011, entitled "Call for applications – Radio stations to service Miramichi, New Brunswick".
3. It is noted that MBS is the licensee of radio station CFAN-FM Miramichi which operates in the Adult Contemporary music format. It is proposed that the new FM would operate in the Country music format using frequency 102.5 MHz with a power of 36,000 watts. An alternate frequency and technical parameters have also been identified and filed with Industry Canada.

4. We have filed via Access Key this letter as well as documents required as part of the Application to Obtain a Broadcasting Licence to Operate a Commercial Radio Undertaking (including low-power) and the "essential information", listed in BNC 2011-374.
5. Please note that the attached MapInfo coverage contour documents – Appendix 4E – Doc 8 (c) through Doc 8 (q) use NAD83 map datum and the projection is latitude/longitude.
6. We trust that this application is in proper form and it can benefit from a streamline process. However, should you have any questions, please contact the undersigned.

Thank you for your attention to this matter.

Sincerely,

Corinne Crockett  
Director of Finance  
Maritime Broadcasting System Limited

cc. Regional CRTC Commissioner, Elizabeth Duncan
